LIVE MOMENTS WORTH SHARING  
THE TRUE LEGEND OF A WHALER LIES IN THE POTENTIAL IT UNLOCKS.

# THE UNSINKABLE LEGEND

A LEGACY OF INNOVATION AND EXCELLENCE

Boston Whaler crafts the safest, easiest to own, most exciting boats on the water. Since the company's founding more than 60 years ago, Whaler has conceived and built peerless designs that meet boaters' diverse and changing needs. Every Boston Whaler is precision-engineered and impeccably constructed to bring you maximum comfort, enjoyment and unfailing reliability.

It began with founder Richard Fisher's inspired new construction method, devising a foam-injected hull that literally would not sink — not even after being sawed in half! *LIFE* magazine documented the triumph, and the Unsinkable Legend™ was born.

*The 380 Realm (seen here) defines Expedition-Grade boating, delivering smart amenities, seamless performance and brilliant use of onboard space.*

That spirit continues today, in a storied lineup of boats ranging from 11 to 42 feet. Recently, a 45,000-square-foot technology center was established on Boston Whaler's campus, home to the industry's most formidable boat product development, engineering and design teams. This new Brunswick Boat Group Technology Center (BBGTC) will carry on Fisher's vision, focusing on new advances including boat construction methods and materials, electronic technologies, connectivity, autonomy and more — all working together to make boating better and easier.

The ultimate goal for every Boston Whaler is to provide a boating experience that feels like second nature. Features and options are chosen purposefully; layouts have an innate logic; performance and handling are precise and predictable. Whalers are designed to be lower-maintenance, meaning more time on the water. When you purchase a Whaler, you're getting a boat built to last.

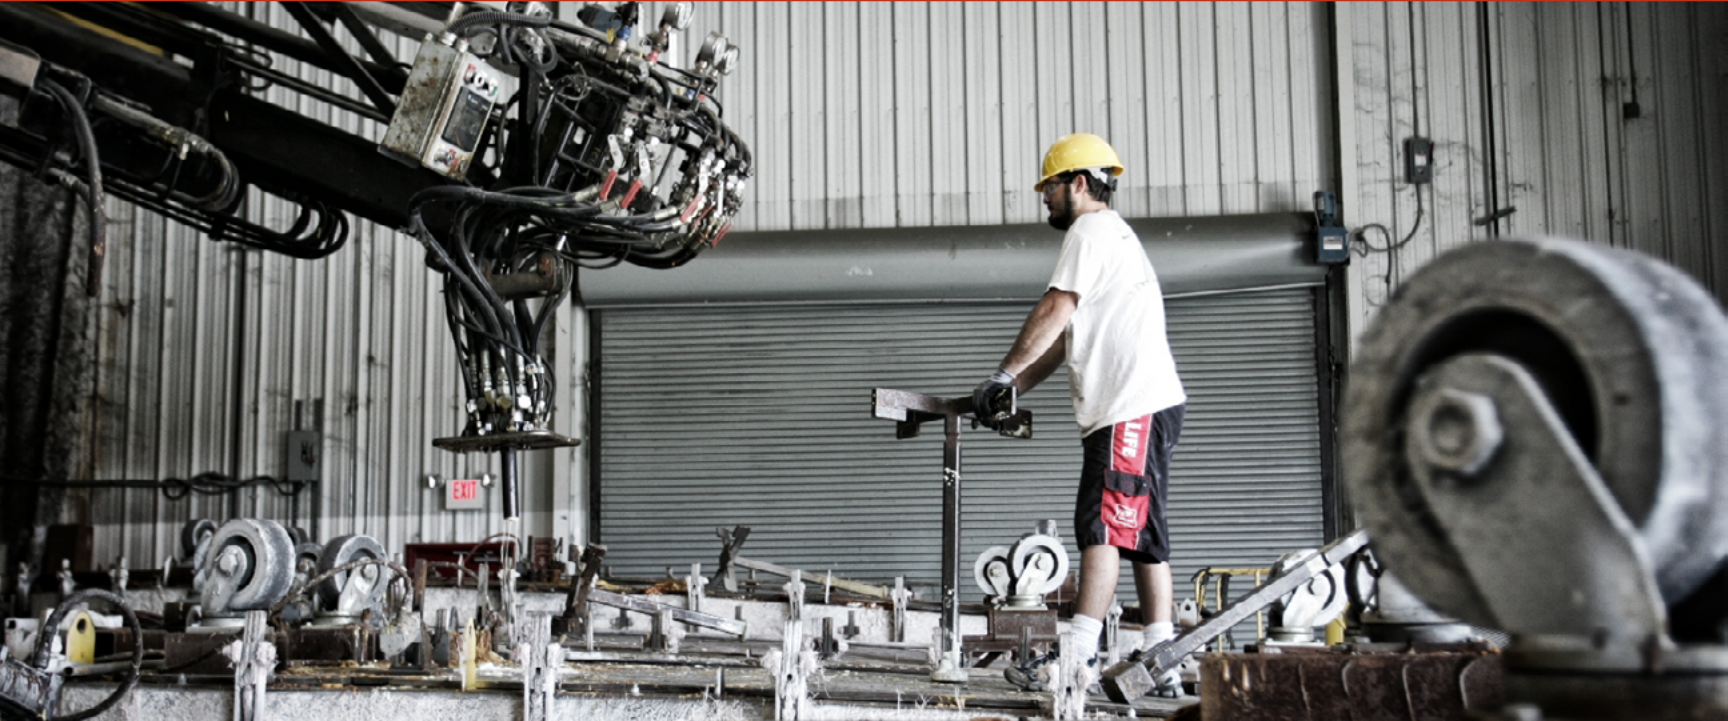

**BRUNSWICK** | **BOAT GROUP**  
TECHNOLOGY CENTER

Visit [bostonwhaler.com](https://www.bostonwhaler.com) for videos, photo galleries, and more info on the complete product lineup.

DEDICATED TO THE CRAFT  
FOSTERING TEAMWORK AND INSPIRATION

Behind every Boston Whaler is a group of talented, passionate employees working together to deliver the best quality boats on the water. The company fosters a culture of teamwork and collaboration in which employees are encouraged to ask questions and challenge each other.

“We never want someone to feel like they’re just punching the clock. The goal of our training is to help people develop into craftsmen, to feel pride and mastery in their work.”

— Rebecca Crews,  
VP of Strategic Engagement

New hires are mentored throughout their first years with the company; longtime employees are rewarded for continuing to broaden and deepen their skillsets. Each new boat model is assigned a “core team,” comprised of a staff member from every department, to spearhead the development and launch.

Fundamentally, boatbuilding is as much a craft as it is a job. Producing the finest boats on the water requires not just precision and technical ability but also passion and curiosity. Incorporating different viewpoints and areas of expertise strengthens the finished product.

It’s a difference you will feel: the result of a six-decade commitment to innovation, teamwork and excellence that only grows stronger with each passing year.

Visit [bostonwhaler.com/the-unsinkable-legend/](https://bostonwhaler.com/the-unsinkable-legend/) for more info on our company and our passion.

# HONORING THE VOICE OF THE CUSTOMER

## DESIGN PHILOSOPHY

The process of making quality boats begins with listening to actual boaters. The BBGTC team conducts extensive Voice of the Consumer research, gathering feedback from owners and dealers. This feedback leads to insights that help shape the development of each new model and innovation.

And if a solution doesn't exist, Whaler creates its own: The company holds patents for a variety of systems and features — including the Multi-Position Lounge found on every Vantage model, the swim patio on the 270 Dauntless, the Dauntless family's All-Activity Tower option, and more — and continues to seek new and better ways to serve its boating family.

When adventure calls, count on Boston Whaler to take you there and expand the possibilities. Whether you enjoy heading offshore in search of gamefish, wakeboarding or tubing around a lake, entertaining family and friends, or cruising until dusk and then sleeping onboard, there is a Whaler model perfectly suited to the activity. Incredible comfort, capability, reliability and ease of use always come standard.

Visit [bostonwhaler.com/the-unsinkable-legend/boat-design](https://www.bostonwhaler.com/the-unsinkable-legend/boat-design) for more info on our research and design process.

CONFIDENCE FROM THE CORE  
MANUFACTURING & THE UNIBOND CONSTRUCTION METHOD

The Boston Whaler difference is apparent from the moment you step aboard. Whaler's hulls are precision-engineered to anticipate and harness the forces of water, balancing stability and softness to produce a smooth, dry ride.

(Left) Over the years, Whaler has occasionally gone to extremes to prove the strength of its boats' construction.  
(Below) Technicians align the two halves of a hull before injecting a proprietary foam solution.

Boston Whaler backs every boat with a 10-year structural hull warranty and a 3-year, bow-to-stern limited warranty on components.

At the heart of every Whaler is the exclusive Unibond™ construction process. Whaler uses a proprietary closed-cell, environmentally friendly foam, injected between the hull's inner and outer liners — not just below the waterline but up the sides, as well — to create a single, solid unit. This not only results in the boats' unsinkability, but also contributes greatly to ride quality.

Further, every Whaler is put through rigorous testing and in-depth stability analysis to ensure superior performance. The BBGTC's design, manufacturing and engineering teams work closely in tandem to adapt and refine. Tolerances become more precise, efficiencies increase and the boats reflect the true power of teamwork.

Visit [bostonwhaler.com/the-unsinkable-legend/boat-design](https://www.bostonwhaler.com/the-unsinkable-legend/boat-design) for videos and more info on our build process.

# EYES ON THE HORIZON

## THE ROLE OF TECHNOLOGY

Embracing new technology has always been a part of Whaler's DNA. Ever-evolving, technology continues to produce conveniences and capabilities that previous generations hadn't thought possible. Brunswick and Boston Whaler invest in innovations that simplify and improve the boating experience, both on and off the water.

Notable breakthrough features found on select Whaler models include:

Visit [bostonwhaler.com](http://bostonwhaler.com) for videos, photo galleries, and more info on the complete product lineup.

**Mercury®** engines with Joystick Piloting and Skyhook functionality, for effortless station-holding and easier docking than you ever thought possible.

**Raymarine®** high-resolution, multifunction displays, including Axiom,™ a powerful multifunction navigation system with built-in RealVision 3D™ sonar and blazing-fast performance.

**JL Audio®** marine sound systems and amplifiers, whose highly efficient speakers deliver crystal-clear sound quality and impressive volume.

**Seakeeper®** gyro-stabilization technology, which virtually eliminates boat roll, dramatically cutting down on the type of movements that can cause seasickness.

**Whaler Watch**, hosted by **Faria Beede**, uses telematics technology with cellular and satellite connectivity to provide remote visibility of key components, as well as remote control of some systems. Whaler Watch keeps tabs on critical boat functions and provides geo-fence capability via an easy-to-use smartphone app. Paired with Mercury's Theft Deterrent System (TDS), Whaler Watch can restrict engine performance when the key fob is not in place, for an extra layer of security.

**NAUTIC-ON** remote-monitoring capabilities employ cellular technology to convey vital systems data and boat location via a convenient app, for added peace of mind.

**Auto Glide**, a system of planes built into the hull that adjust automatically to keep the boat at optimal trim and speed, for a smoother, more level and more comfortable ride.

# POWERFUL PARTNERSHIPS

PAIRING WITH THE BEST IN THE FIELD

Every Boston Whaler comes equipped with state-of-the-art Mercury® propulsion, precisely power-matched to each boat. An industry leader in its own right, Mercury delivers superior performance and continues to challenge the limits of possibility. In fact, the designers, engineers and technology specialists at the BBGTC work closely with Mercury's team throughout the development, manufacturing and testing phases to ensure a seamless interaction between boat and engine.

THREE **3** YEAR  
**CORROSION**  
WARRANTY

Every Mercury engine is backed by a  
3-year corrosion warranty.

In addition to its role in forming the Brunswick Boat Group Technology Center, Boston Whaler's parent company, the Brunswick Corporation, has long provided support and investment. Brunswick's backing has helped allow Whaler to expand its lineup and grow at a remarkable rate, adding more than a dozen new boats to the lineup and creating hundreds of new jobs in the past few years alone. Through its Brunswick Commercial and Government Products (BCGP) department, Boston Whaler also produces boats for government agencies, military forces and commercial entities around the world.

In addition, Boston Whaler enjoys partnerships with the best component manufacturers in the industry, offering features including JL Audio® systems, SureShade® sunshades, Raymarine® navigation equipment, Seakeeper® gyro-stabilization systems, Sunbrella® canvas and many others.

Visit [bostonwhaler.com](http://bostonwhaler.com) for videos, photo galleries, and more info on the complete product lineup.

## THE OWNERSHIP EXPERIENCE

One of the best aspects of boating is the sense of belonging it can provide. When you purchase a Whaler, you become part of a vibrant community. Boston Whaler works to foster camaraderie with events and initiatives that put owners front and center, including local gatherings and annual excursions to amazing places like Bimini and the Abacos.

From beach games and barbecues to offshore fishing tournaments and flotillas, these events are a perfect chance to make friends with fellow owners and enjoy the great outdoors together.

Even when you're not on the water, Whaler offers many ways to stay immersed in the lifestyle. Online, boaters can engage with Whaler through Facebook, Instagram, Twitter, LinkedIn and YouTube, and can sign up to receive the bimonthly Navigator e-newsletter.

# A NETWORK OF SUPPORT

## WORLD-CLASS CUSTOMER SERVICE

Boston Whaler partners with a global network of exceptional dealers to provide a level of customer service that is unsurpassed. All around the world, Whaler's dealers offer hands-on training, thoughtful guidance, expert boat care and maintenance, and so much more. Count on their vast industry experience and deep boating knowledge, matched by a commitment to enhancing your enjoyment.

This track record for stellar customer service has earned Boston Whaler a Customer Satisfaction Index Award from the National Marine Manufacturers Association for 15 straight years. You always have a place to turn for boating support and answers.

And for added peace of mind, every new Boston Whaler owner receives a free 95-day Sea Care membership, giving you 24/7/365 access to Sea Tow's experienced captains, just in case the unexpected happens. As a Whaler owner, you have an arsenal of tools and resources at your fingertips.

## LEGENDARY QUALITY FOR EVERY BOATING ACTIVITY

Boston Whaler has an unmatched commitment to delivering the safest, most reliable and most stunning boats on the water. As a result, the company has earned numerous awards for innovation, quality and customer service, including:

#### **NMMA CUSTOMER SATISFACTION INDEX (CSI) AWARDS**

2004–2018 — Boston Whaler, Fiberglass Outboard Boats category; 15 consecutive years

#### **NMMA INNOVATION AWARDS**

2008 — 230 Dauntless, Runabouts and Fishing Craft category  
2010 — 370 Outrage, Cruisers category  
2013 — 230 Vantage, Runabouts category  
2014 — 345 Conquest's "Dynamic Cabin System"  
2015 — 320 Vantage, Deck Boats category  
2017 — 230 Outrage, Center Console/Walkaround Fishing Boats category  
2018 — 350 Realm, Cabin Cruisers category  
2019 — 160 Super Sport, Deck Boats category

#### **EUROPEAN POWERBOAT OF THE YEAR**

2010 — 370 Outrage (Winner)  
2015 — 230 Vantage (Nominee)  
2016 — 420 Outrage (Nominee)  
2019 — 160 Super Sport (Nominee)

#### **MOTEUR BOAT DAY BOAT OF THE YEAR**

2013 — 170 Dauntless  
2016 — 250 Outrage

#### **BEST OF BOATS INTERNATIONAL**

2015 — 270 Dauntless, Best of Fishing Boats  
2018 — 170 Montauk, Best of Fishing Boats

#### **NAUTIC DESIGN AWARD**

2015 — 320 Vantage (nominee)  
2016 — 230 Outrage (nominee)  
2016 — 330 Outrage (nominee)

#### **BOATING MAGAZINE BOAT OF THE YEAR**

2016 — 420 Outrage

#### **MOTOR BOAT AWARDS**

2018 — 420 Outrage, Superboats category

#### **ACTIVE INTEREST MEDIA MARINE GROUP**

2012 — 2010 Montauk, Best Center Console Under 30'

#### **TRAILER BOAT MAGAZINE EXCELLENCE IN DESIGN AWARD**

2010 — 150 Super Sport

THE UNSINKABLE LINEUP  
LEGENDARY QUALITY FOR EVERY BOATING ACTIVITY

Outrage

**Super Sport** *page 22*

Easy to operate and easy to love, the Super Sport models are designed for load-and-go readiness.

**Montauk**® *page 23*

Classic heritage and timeless style meet cutting-edge capability in every tried-and-true Montauk.

**Dauntless**® *page 25*

The versatile Dauntless family boasts impressive performance, spacious center console layouts and multitasking capabilities galore.

**Vantage**® *page 26*

Every Vantage model features a uniquely convertible dual-console layout, providing ultimate comfort and versatility.

**Conquest**® *page 28*

The rugged Conquest models — including the all-new 325 and 405 Conquest — rise to any occasion, combining professional-grade fishing features with luxurious onboard comfort.

**Realm**® *page 30*

Defining "Expedition Grade" quality, the Realm series draws from the best aspects of center console and cabin cruiser models to deliver unforgettable on-water experiences.

**Outrage**® *page 30*

Enjoy smooth offshore performance, huge fishing capability and effortless entertaining with the bold Outrage series.

## 110 TENDER/SPORT

### SPECIFICATIONS

L.O.A. (on centerline)	11' 4" (3.40 M)
BEAM	5' 6" (1.70 M)
DRAFT	7" (0.18 M)
WEIGHT (NO ENGINE/WITH ENGINE, FUEL & WATER) - TENDER	424/555 LBS (192.3/251 KG)
WEIGHT (NO ENGINE/WITH ENGINE, FUEL & WATER) - SPORT	460/591 LBS (208/268 KG)
SWAMPED CAPACITY	1,200 LBS (544 KG)
PERSONS CAPACITY	4

### NOTABLE FEATURES

- Stainless-steel side rails
- Bow locker with fiberglass cover and overboard drain
- Fiberglass console with no-feedback steering (Sport)
- FourStroke Mercury® engine

[MORE INFO](#)

## 130 SUPER SPORT

### SPECIFICATIONS

L.O.A. (on centerline)	13'1" (3.99 M)
L.O.A. (with platforms)	14' (4.27 M)
BEAM	5' 10" (1.78 M)
DRAFT	9" (0.23 M)
WEIGHT (NO ENGINE/WITH ENGINE & FUEL)	695/1,005 LBS (315/456 KG)
SWAMPED CAPACITY	1,525 LBS (692 KG)
PERSONS CAPACITY	4

### NOTABLE FEATURES

- Lockable console storage
- Aft swim platforms with swim ladder
- Optional rear-accent hull colors
- Various optional seating and cushion configurations
- Optional suntop with boot and stainless-steel fittings
- Standard galvanized trailer with swing tongue
- Optional cooler seat with cushion
- 40-HP ELPT EFI FourStroke Mercury® engine

## 160 SUPER SPORT

### SPECIFICATIONS

L.O.A. (on centerline)	16'2" (4.93 M)
L.O.A. (with platforms)	17' (5.31 M)
BEAM	6' 10" (2.08 M)
DRAFT	10" (0.25 M)
WEIGHT (NO ENGINE/WITH ENGINE & FUEL)	1,060/1,525 LBS (480/692 KG)
SWAMPED CAPACITY	3,000 LBS (1,360 KG)
PERSONS CAPACITY	6

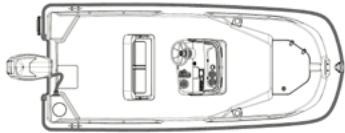

### NOTABLE FEATURES

- Lockable console storage
- Optional powder-coated ski tow
- Aft swim platforms with swim ladder
- Optional rear-accent hull colors
- Various optional seating and cushion configurations
- Optional 19-gallon fuel tank upgrade
- Console with drink holders (2)
- Standard galvanized trailer with swing tongue
- 75-HP ELPT EFI FourStroke Mercury® engine

[MORE INFO](#)

## 150 MONTAUK

### SPECIFICATIONS

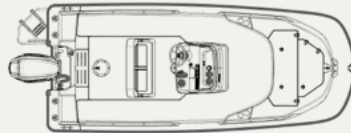

L.O.A.	15' 5" (4.70 M)
BEAM	6' 6" (1.98 M)
DRAFT	9" (0.23 M)
WEIGHT (NO ENGINE/WITH ENGINE, FUEL & WATER)	1,050/1,390 LBS (476/630 KG)
SWAMPED CAPACITY	2,400 LBS (1,089 KG)
PERSONS CAPACITY	6

### NOTABLE FEATURES

- Standard galvanized trailer with swing tongue
- Optional teak port and starboard mid-ship boarding steps
- Available Raymarine® navigation and fishfinding electronics including RealVision 3D
- Optional Fishing Package with 36-quart cooler seat, rod holders and tackle drawers
- 60-HP ELPT EFI CommandThrust FourStroke Mercury® engine

[MORE INFO](#)

## 170 MONTAUK

### SPECIFICATIONS

L.O.A.	17' 4" (5.28 M)
BEAM	7' 3" (2.21 M)
DRAFT	12" (0.30 M)
WEIGHT (NO ENGINE/WITH ENGINE, FUEL & WATER)	1,700/2,254 LBS (771/1,022 KG)
SWAMPED CAPACITY	2,800 LBS (1,270 KG)
PERSONS CAPACITY	7

### NOTABLE FEATURES

- Integrated forward fishbox with overboard drain
- Optional Fishing Package with tackle drawers, rod holders, and 72-quart cooler seat
- 25-gallon integrated fuel tank
- Optional teak boarding steps and swim ladder flooring
- Standard galvanized trailer with swing tongue
- 90-HP ELPT EFI CommandThrust FourStroke Mercury® engine
